

FOCUS+ SUBSCRIPTION & BILLING TERMS

Effective Date: September 10, 2026

Last Updated: September 10, 2026

These Focus+ Subscription & Billing Terms (“Subscription Terms”) govern purchases of Focus+, premium features, subscriptions, lifetime access offers, and other paid products offered through Focus by **TeamFocus LLC** (“TeamFocus,” “Focus,” “we,” “us,” or “our”).

These Subscription Terms supplement the Focus Terms of Service and Privacy Policy.

By purchasing Focus+, you agree to these Subscription Terms.

1. ABOUT FOCUS+

Focus may offer an optional premium service known as **Focus+**.

Depending on the version of Focus and your subscription, Focus+ may include features such as:

- advanced analytics;
- personalized insights;
- enhanced Focus Score information;
- expanded historical data;
- advanced fitness insights;
- advanced nutrition insights;
- advanced health insights;
- advanced financial insights;
- AI-assisted features;
- additional customization;
- premium integrations;
- expanded tracking capabilities; and
- other premium features.

The exact features included with Focus+ will be displayed within Focus and may evolve over time.

2. FREE AND PAID FEATURES

Focus may provide both free and paid functionality.

Purchasing Focus+ gives you access to the premium functionality associated with the applicable Focus+ plan.

TeamFocus may change which features are included in free or paid versions of Focus as the Service develops.

Where required by applicable law, material changes affecting an existing paid subscription will be appropriately disclosed.

3. SUBSCRIPTION OPTIONS

Focus+ may be offered through subscription plans including:

- monthly subscriptions;
- annual subscriptions; or
- other subscription periods displayed at the time of purchase.

Focus may also occasionally offer promotional pricing or a Lifetime Focus+ purchase.

Available plans may vary by country, platform, account, or promotional period.

4. PRICING

The price displayed to you at the time you confirm your purchase is the applicable price for that transaction.

Prices may vary based on:

- subscription period;
- country or region;
- currency;
- taxes;
- platform;
- promotional offers; or
- marketplace pricing.

TeamFocus may change prices in the future.

Price changes affecting an existing subscription will be handled in accordance with applicable law and the requirements of the marketplace through which you subscribed.

5. TAXES

Prices may include or exclude applicable taxes depending on your location and the platform through which you purchase Focus+.

You are responsible for applicable taxes except where TeamFocus or the applicable marketplace is legally responsible for collecting and remitting them.

6. AUTOMATIC RENEWAL

Unless otherwise stated at the time of purchase, recurring Focus+ subscriptions **automatically renew** at the end of each subscription period until canceled.

For example:

- a monthly subscription generally renews each month; and
- an annual subscription generally renews each year.

Your payment method may be charged the applicable subscription price at renewal.

You must cancel before the applicable renewal occurs if you do not want your subscription to renew.

7. APP STORE PURCHASES

If you purchase Focus+ through Apple's App Store, your purchase is processed through your Apple account.

Apple's applicable payment, subscription, cancellation, and refund terms also apply.

TeamFocus does not control Apple's billing systems.

You can generally manage or cancel an App Store subscription through your Apple account's subscription settings.

Deleting the Focus app does **not** automatically cancel an App Store subscription.

8. OTHER MARKETPLACES

If Focus becomes available through Google Play or another marketplace, purchases through that marketplace may be subject to the marketplace's payment, renewal, cancellation, and refund policies.

The applicable marketplace may process your payment and manage your subscription.

9. DIRECT PURCHASES

If TeamFocus offers direct purchases outside a third-party marketplace, the payment method and billing terms applicable to that purchase will be disclosed before purchase.

TeamFocus may use a third-party payment processor to process transactions.

TeamFocus may not directly receive or store complete payment-card information when a third-party payment processor handles the transaction.

10. CANCELLATION

You may cancel a recurring Focus+ subscription at any time through the platform or account through which the subscription was purchased.

Unless applicable law or the applicable marketplace provides otherwise, cancellation generally takes effect at the end of the current paid billing period.

This means you may continue to have Focus+ access until the subscription period you already paid for expires.

Canceling prevents future renewals but does not necessarily create a refund for the current subscription period.

11. DELETING FOCUS DOES NOT CANCEL YOUR SUBSCRIPTION

Deleting Focus from your device does not automatically cancel Focus+.

Similarly, simply stopping use of Focus does not automatically cancel your subscription.

You are responsible for canceling your subscription through the applicable subscription-management system.

12. ACCOUNT DELETION AND ACTIVE SUBSCRIPTIONS

Requesting deletion of your Focus account may not automatically cancel a subscription managed by Apple, Google, or another third-party marketplace.

If your subscription is managed by a third party, you should cancel the subscription through that provider before deleting your Focus account.

TeamFocus cannot guarantee that deleting a Focus account will stop billing controlled independently by a third-party marketplace.

13. REFUNDS

Refund eligibility depends on how you purchased Focus+ and applicable law.

For purchases made through Apple's App Store, refund requests may need to be submitted to Apple and will be governed by Apple's applicable policies.

Purchases through other marketplaces may similarly be subject to that marketplace's refund policies.

For transactions processed directly by TeamFocus, refund requests will be evaluated under the terms disclosed at purchase and applicable law.

Nothing in these Subscription Terms limits any refund rights that cannot legally be waived.

14. FREE TRIALS

Focus does not currently promise that Focus+ subscriptions will include a free trial.

If TeamFocus introduces a free trial, introductory offer, or promotional subscription, the applicable duration, price, eligibility, renewal terms, and cancellation requirements will be displayed before enrollment.

Unless otherwise stated, promotional access may automatically convert into a paid subscription after the promotional period if the user has affirmatively agreed to those terms.

15. PROMOTIONAL PRICING

TeamFocus may offer temporary discounts, introductory pricing, promotional codes, or other special offers.

Promotions may:

- be available only to certain users;
- have eligibility requirements;
- be limited in duration;
- apply only to certain plans;
- be limited to one redemption; or
- be discontinued.

The terms presented with the promotion govern that offer.

16. LIFETIME FOCUS+

TeamFocus may offer a one-time purchase described as **Lifetime Focus+**, **Lifetime Access**, or similar wording.

Unless expressly stated otherwise at the time of purchase, “Lifetime” means access to the applicable Focus+ product offering **for as long as TeamFocus continues to operate and support that applicable Focus+ service**, rather than for the biological lifetime of the purchaser.

A Lifetime purchase is a one-time payment and does not automatically create a recurring subscription.

17. WHAT LIFETIME ACCESS INCLUDES

A Lifetime Focus+ purchase generally provides access to the Focus+ features identified as included with that purchase.

Lifetime access does not necessarily include:

- entirely new standalone products;
- separately branded services;
- future enterprise products;
- separately priced third-party services;
- features requiring substantial third-party usage fees;

- products that are legally or technically separate from Focus+; or
- services expressly identified as requiring an additional purchase.

TeamFocus will not intentionally reclassify ordinary existing Focus+ functionality solely to avoid honoring legitimate Lifetime purchases.

18. CHANGES TO LIFETIME FEATURES

Technology and software evolve.

TeamFocus may modify, replace, improve, or discontinue individual Focus+ features.

A Lifetime purchase does not guarantee that every feature available on the purchase date will remain unchanged forever.

TeamFocus may replace a feature with a substantially similar or improved feature.

Where applicable law provides additional rights, those rights remain unaffected.

19. DISCONTINUATION OF FOCUS

A subscription or Lifetime purchase does not guarantee that Focus or TeamFocus will operate indefinitely.

Circumstances such as business closure, technological changes, legal requirements, security issues, platform restrictions, or other events may require Focus or Focus+ to be discontinued.

If Focus is permanently discontinued, access may end.

Any refund or other remedy available in such circumstances will be determined according to applicable law and any commitments expressly made at the time of purchase.

20. FOCUS+ FEATURE AVAILABILITY

Some Focus+ features may depend on:

- device hardware;
- operating-system versions;
- geographic availability;
- internet access;
- Apple Health permissions;

- connected services;
- third-party APIs;
- financial providers;
- wearable devices; or
- other external services.

Purchasing Focus+ does not guarantee that every feature will work with every device, account, country, or third-party service.

21. THIRD-PARTY INTEGRATIONS

Certain premium features may rely on services operated by third parties.

Third-party providers may change, restrict, charge for, suspend, or discontinue their services.

If a third-party integration becomes unavailable, TeamFocus may modify or discontinue the affected Focus feature.

TeamFocus is not responsible for outages or changes made independently by third-party providers.

22. AI AND USAGE-LIMITED FEATURES

Certain Focus+ features may use artificial intelligence, advanced computation, external APIs, or other services that have significant operational costs.

TeamFocus may impose reasonable usage limits, rate limits, fair-use restrictions, or other safeguards on such features.

Any material limits applicable to a paid feature will be disclosed where appropriate.

Focus+ does not provide unlimited access to every computational resource unless explicitly stated.

23. PAYMENT FAILURE

If a recurring payment cannot be completed, access to Focus+ may be suspended or terminated after any applicable grace period.

Your marketplace or payment provider may attempt to process the payment again.

You remain responsible for maintaining a valid payment method where required for a recurring subscription.

24. SUBSCRIPTION EXPIRATION

When a Focus+ subscription expires or is canceled, your account may return to the free version of Focus.

You may lose access to premium functionality.

Where technically and legally appropriate, information you previously created may remain associated with your account even if premium functionality used to analyze or display that information becomes unavailable.

25. PRICE CHANGES

TeamFocus may change Focus+ pricing.

For new purchases, updated prices may become effective immediately.

For existing subscriptions, price changes will be implemented according to applicable law and the requirements of the platform through which the subscription was purchased.

Where required, users will receive notice or be asked to consent to a new subscription price.

26. SUBSCRIPTION TRANSFERS

Focus+ purchases are generally associated with the Focus account and/or marketplace account through which they were purchased.

Subscriptions and Lifetime purchases may not be sold, transferred, rented, or assigned to another person unless TeamFocus expressly permits it.

27. RESTORE PURCHASES

Where supported, Focus may provide functionality allowing users to restore eligible previous purchases.

Restoration may depend on the marketplace account originally used to make the purchase.

TeamFocus cannot restore a purchase if the applicable marketplace cannot verify it.

28. CHARGEBACKS AND PAYMENT DISPUTES

If you believe you were incorrectly charged, contact the applicable marketplace, payment provider, or TeamFocus as appropriate.

Fraudulent or abusive chargebacks may result in restriction of paid functionality where permitted by law.

Nothing in this section prevents you from exercising legitimate rights to dispute unauthorized or incorrect charges.

29. NO GUARANTEE OF RESULTS

Purchasing Focus+ does not guarantee any particular result.

TeamFocus does not guarantee that Focus+ will:

- improve your health;
- increase your fitness;
- cause weight loss or muscle gain;
- improve your finances;
- increase productivity;
- improve your Focus Score;
- achieve your goals; or
- produce any particular personal outcome.

Focus+ provides additional tools and information. Your results depend on your individual circumstances and actions.

30. PRIVACY

Information processed through Focus+ is subject to the **Focus Privacy Policy**.

Purchasing Focus+ does not give TeamFocus permission to sell sensitive health or financial information.

Health information obtained through Apple Health or HealthKit remains subject to the protections described in the Focus Privacy Policy and applicable platform requirements.

31. CHANGES TO THESE SUBSCRIPTION TERMS

TeamFocus may update these Subscription Terms as Focus+ evolves or as legal, regulatory, payment, or platform requirements change.

Material changes will be communicated where required by applicable law.

Changes will not retroactively remove rights that cannot legally be modified.

The “Last Updated” date above identifies when these Subscription Terms were most recently revised.

32. RELATIONSHIP TO TERMS OF SERVICE

These Subscription Terms supplement the Focus Terms of Service.

If these Subscription Terms conflict with the general Terms of Service regarding a Focus+ purchase or subscription, these Subscription Terms control with respect to that specific billing or subscription issue, unless applicable law requires otherwise.
